

You're Invited!

Dear Parents:

I am offering you an opportunity to prepare more ardently for your child's sacraments. In order to help your children understand the sacraments, I am going to be showing some videos once per month for parents called, "The Bible and the Sacraments." The series teaches the meaning behind the sacraments and how the practice of them often stemmed from the Old Testament before blooming into their full Christian meaning in the New Testament. I will show the videos during class time, so instead of waiting in the parking lot, just stay inside and join us for viewing and fellowship! Following is a list of times/dates/ locations where the videos will be shown.

Sincerely,

Rebecca Joseph, Director of Faith Formation
