

First Communion 2023/24

The Catechism of the Catholic Church states that education in the faith by the parents should begin in the child's earliest years

In order for us to help you fully prepare your child to receive the Body of Christ, **all of these sacramental preparation dates are mandatory for both parent and student to attend**. Please put them on your calendar now so they'll take precedence over any other events that may come up in the future.
